- 2023 ISU Four Continents Figure Skating Championships
- 2023 ISU World Junior Figure Skating Championships
- 2023 ISU World Figure Skating Championships

Introduction

The purpose of this document is to set out the process and criteria that Skate Canada will undertake in the selection of athletes who will represent Canada at the 2023 ISU Figure Skating Championships. The objective of the selection policy and procedures is to select the maximum number of medal potential athletes for the individual disciplines.

Decision Making Authority

- The Skate Canada [High Performance Development Committee](#) (HPDC) is responsible for developing and approving the selection process and procedures for the team that will be nominated for the 2023 ISU Figure Skating Championships.
- The HPDC will nominate to the Chief Executive Officer (CEO) the selection of athletes following the conclusion of events at the 2023 Canadian Tire National Skating Championships in Oshawa, Ontario which will be on January 14, 2023.
- The CEO will ratify the final selection of the teams to ensure that the selection criteria was adhered to and that the decisions were made in an objective and impartial manner.
- No member of the HPDC shall participate in any discussions or decisions regarding the nomination of any athletes with whom they have a perceived or real conflict of interest. Any member of the HPDC who considers that they are in a position of a perceived or real conflict of interest must declare such a conflict before any discussions are held or decisions are made and must remove themselves from any meetings until the matter giving rise to the perceived or real conflict of interest has been resolved by the HPDC.

Appeals

Skate Canada nominations to the ISU Championships Teams may be appealed in accordance with the procedures set out in the Skate Canada Athlete Agreement or may be brought directly to the Sport Dispute Resolution Centre of Canada (SDRCC) on the consent of all parties and at the sole discretion of the SRDCC pursuant to the rules of the SRDCC. Appeals must be resolved within ten days after the nominations for all ISU Championship Teams.

Cancelled or Postponed Events

- Should any event specified in this selection criteria be canceled, postponed, rescheduled, or replaced, Skate Canada shall update the nomination procedures indicated in this selection criteria, as applicable, as soon as reasonably possible and shall communicate any modifications to all impacted individuals, as well as publish the modified selection criteria on its website, prior to the postponed, rescheduled or replacement event.
- Decisions made pursuant to this clause shall not be subject to appeal and do not apply to the cancellation of events that are conducted under the authority of organizations other than Skate Canada.

Changes to this Document

Skate Canada reserves the right to make changes to this document, which in its discretion are necessary to ensure selection of the best athletes possible for the Skate Canada ISU Championship Teams. Any changes to this document shall be promptly posted on the Skate Canada website. This clause shall not be used to justify changes after a competition or trials, which formed part of the internal nomination procedure unless it is related to an unforeseen circumstance. The purpose of this section is to allow for changes to this document that may become necessary due to a typographical error or a lack of clarity in a definition or wording before it has an impact on athletes. The purpose of such changes must be in order to avoid disputes over the meaning of the provisions of this document rather than to allow changes to be made to justify selection of different athletes than would have otherwise been selected. Such changes must be reasonably justifiable in accordance with fundamental principles of natural justice and procedural fairness.
