

2023-2024 Selection Guidelines for Synchronized Skating Challenger and International Events (Junior & Senior)

The following criteria will be considered when assigning teams to Junior/Senior Challenger and International events for the 2023-2024 season. Achieving any, or all, of the benchmarks noted herein does not guarantee the assignment of a Junior/Senior Challenger or International event. All assignments are determined at the discretion of the Skate Canada High Performance Director.

- Preference for assignments will be given to teams who were assigned the 2023 ISU Junior or Senior World Synchronized Skating Championships.
- Teams will be considered for assignments if they have attained the following minimum target scores:
 - Internationally in the 2022-2023 season
 - Domestically at the 2023 Canadian Tire National Skating Championships
- Selected teams must show competition and performance readiness through Skate Canada Monitoring

	Junior	Senior
International Benchmark*	159	186
Domestic Benchmark	159	195

**International Benchmarks are 78% of the respective Gold Medal Profile targets outlined by the Skate Canada Long Term Development Technical/Tactical Athlete Development Matrix.*

Skate Canada reserves the right to not fill all open entry spots. Only those teams who have met the established criteria or who have previously demonstrated these benchmarks at Junior and/or Senior International and /or Domestic events, will be considered for an assignment. Skate Canada reserves the right to waive these requirements in extenuating circumstances.
