

2024 NextGen Program Team Selection Guidelines

NOVEMBER 2023

The current selection guidelines are based on following circumstances:

- current Canadian standard within each Junior and Senior discipline
- scores and skill levels achieved by skaters placing in the top two groups at every 2023 Jr Grand Prix event
- international trends within the Junior and Senior category

The guidelines are designed with the hope of encouraging skaters to achieve these skills to be competitive with the top skaters competing in the Jr Grand Prix Series. As skating on the World stage improves, the selection guideline will similarly be adjusted to ensure Canadian skaters remain competitive on the international stage.

The 2024 Skate Canada NextGen Team Selection Guidelines are as follows:

- **AGE:** Skaters/teams should **age eligible to compete for Canada at the Jr Grand Prix** level.
- **SCORES:** Skaters/teams who **achieve the targeted total scores listed in this document at a 2023 Junior Grand Prix or International Competition**¹ will automatically be named to the 2024 NextGen Team.
- **SKILLS:** Skaters/teams in the Junior categories who **achieved the technical and performance skills similar to international trends** at 2024 SC Nationals will be named to the 2024 NextGen Team. Performances at the 2024 SC Challenge and other competitions between July 2023 and March 2024 may also be taken into consideration. Skaters with 3 or more years eligible in the Junior category should achieve all the benchmarks in the “Train to Train – Novice stage of development in the Skate Canada LTD”. In addition, these skaters should begin achieving some benchmarks in the “Train to Compete – Junior”. Skaters with 2 years or less should be achieving most of the benchmarks at the “Train to Compete - Junior stage of development in the Skate Canada LTD”. Please refer to the Skate Canada Long Term Development (Podium Pathway) documents currently available in the Info Center on the Skate Canada website.
- **IMPROVEMENT:** The **improvement in skills** and scores a skater/teams achieve from one year to the next will be taken into consideration.
- **NEW PAIR & ICE DANCE TEAMS:** Starting in April 2024, new Pair or Ice Dance teams who demonstrate an ability of achieving the required competitive scores and technical skills could be added to the NextGen Team. These teams will be monitored to determine if they should be named to NextGen Team.
- **OTHER:** In special circumstances, as it has been done in the past, the Skate Canada NextGen Director may add skaters/teams to the NextGen Team if they have demonstrated that they can consistently perform in a competition environment the skills outlined in this document. Such additions to the NextGen Team may occur following a monitoring session during training or a competition performance.

¹ *International Competition includes Trophée Métropole de Nice and any other competition in which Skate Canada has name and financially supported the skater/team during the 2023-24 season.*

Targeted Total Scores

	Men	Women	Pairs	Ice Dance
2 years or less – Junior age eligibility	190.00	165.00	140.00	145.00
3 years or more – Junior age eligibility	170.00	145.00	120.00	130.00
